Subject: Request for comments - Office of Surface Mining's Draft EIS for the Stream Protection Rule

Hi Lynne and Erik –

Thanks for the invite. I am on leave on Monday when you suggested a call. Except for 11 AM ET on Tues and Thurs and 2:30 ET Fri of next week my schedule is pretty flexible for a call to chat.

I attached an email I sent to another reviewer RE: some of the aspects we are looking for in the SPR DEIS.

Perhaps that will be helpful. I am here until 7 today and in tomorrow as well.

Regards, E..

Scott –

Thanks for your email. Hope you are doing well.

Comments are on the EIS, of course that means the rule too. However, since EPA commented on

Ex. 5 - Deliberative

the No action alternative (1983 Rule).

Ex. 5 - Deliberative

Also, it might be worthwhile to get a copy of the comments OW sent on the rule so you know what we said. I'll see if I can get that from Tim Landers when he returns, Aug 3.

Stop by or give me a ring if you need more info.

Regards, E...

I hope all is well. Are comments suppose to be on the EIS or the rule?

All:

The Office of Surface Mining has published its draft EIS for the Stream Protection Rule. OFA is responsible for collating EPA's 309 review comments. We will be working closely with OW and the other interested HQs program offices, as well as the Regions. Comments from the associate reviewers should be received on or before September 1, 2015. Given OW's primary role and the need for the Administrator's review of this rule, the HQ's review may take a bit more time than usual. Receiving comments in the requested timeframe would be greatly appreciated.
